furniture for occasional use

Comfort, style and pure inspiration

Camelot Furniture is a family business that has over 65 years manufacturing experience in the furniture industry. Our furniture has been designed to offer exceptional levels of comfort, quality and durability.

Quality

We select timber from only the finest British and European environmentally sound sources and construct our frames from hardwood using traditional methods using both mortice and tenon and ribbed dowel joints which are stapled and glued to ensure the strongest possible machine joints.

All foams used are combustion-modified and all fabrics conform to BS 5852 part 2; ignition source Crib 5.

Our promise

All Camelot products are guaranteed for 12 months from date of purchase against any manufacturing faults arising from normal usage.

Choice

All of our chairs can be upholstered in a wide variety of contract flame retardant fabrics and our frames are polished with a natural wood finish as standard.

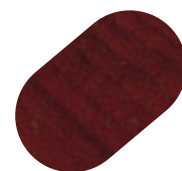

You may also choose from any of the wood finishes shown here.
